REMARKS

Claims 1-20 are now present in this application. should be noted that the amendments to original claims 1-9 of the present application are non-narrowing amendments, made solely to place the claims in proper form for U.S. practice and not to overcome any prior art or for any other statutory For example, amendments have been made to considerations. broaden the claims; remove reference numerals in the claims; remove/change any phrases unique to European practice; remove multiple dependencies in the claims; and to place claims in a more recognizable U.S. form, including the use of transitional phrase "comprising" as well as the phrase amendments such non-narrowing include "wherein". Other placing apparatus-type claims (setting forth elements separate paragraphs) in a more recognizable U.S. form. all amendments are non-narrowing and have been made solely to place the claims in proper form for U.S. practice and not to other statutory for any art or overcome any prior considerations.

CONCLUSION

Accordingly, in view of the above amendments and remarks, an early indication of the allowability of each of claims 1-20 in connection with the present application is earnestly solicited.
